Increase Linger Time

Find interesting ways to display a wide variety of merchandise with Madix's systems and accessories. Madix offers thousands of unique accessories for merchandise of all sizes. Create an attractive sales floor that excites shoppers and makes finding items easier. Gift card displays, promotional binning, and more allow for quick resets and more efficient restocking processes. Capitalize on increased linger time by utilizing custom point-of-sale displays that draw attention to particular merchandise.

Sales Floor Solutions

Efficiently utilizing space is essential for gifts or novelties retailers. Make the most of your sales floor with Madix's products that help you maximize every centimeter of your sales floor and back room areas. Our Maxi Line system gives customers more than 48" (1219 mm) of extra facing space by adding 1 3/8" (35 mm) to each section. This means more products on display, and more selling opportunities per square foot.

Make It Mobile

Mobile fixtures provide you with more flexibility on the sales floor and in the back room areas. Make the most of freestanding displays on casters to frequently tweak your store layouts. Arrange merchandise to help customers who are in a hurry to find what they are looking to buy. Custom accessories and finishes complete the in-store environment and create a one-of-a-kind experience that is unique to your brand.
