Sales Floor Solutions

Making best use of the sales floor is one of the most difficult challenges retailers face. At Madix, we offer products that help you utilize every centimeter to showcase a variety of merchandise. Our Maxi Line systems gives customers more than 48" (1219 mm) of extra facing space by adding 1 $\frac{3}{8}$ " (35 mm) to each section. This means more products on display, and more selling opportunities per square foot.

Create a pharmaceutical workspace that is efficient and comfortable for your workforce. Useful counters and bay shelving make filling prescriptions easier and more productive for your pharmacists and staff. Madix offers an entire line of modular pharmacy fixtures. Customize the behind-the-counter space with sliding panels and binning that improve productivity.
